THE MORE, THE MERRIER!

“Our group consisted of 12 people with ages ranging from 8 years to 42 years. Everyone was challenged and everyone had a fabulous experience! There were courses to meet everyone at a comfortable level and then challenge them with consecutively more difficult courses. It was great for team building. The staff were friendly, observant of climbers at all times, and were clear in instructing on safety and proper use of equipment. The area is beautiful amongst the trees. We definitely plan to do this again!!” -mjh2000

“We had a company outing at TreeRush and had an amazing time. There are courses for everyone no matter the skill set. Highly recommend!” -BER1712
